Universidad Diego Portales, Master's in Public Policy

- Social Program Evaluation 1 (1 semester) — Prof. Ana Sofía León
- Social Program Evaluation 2 (1 semester) — Prof. Carmen Álvarez

WORK EXPERIENCE

Public Policy Researcher

2025 — Present

Public Policy Institute, Universidad Andrés Bello

- Research and development of public policy on current, topical issues such as the labor market, social mobility, and organized crime, among others.
- Conducted literature reviews, data analysis, and statistical estimations to support policy studies and recommendations.

Research Assistant

December 2024 — Present

World Bank-affiliated Research Project

- Statistical and econometric analysis of regional e-commerce performance across Latin American countries (Argentina and Brazil), relating internet penetration, higher education attainment, and GDP per capita to store-level sales and firm entry.
- Data cleaning, harmonization of regional-level variables across countries, and construction of Stata do-files for panel/cross-sectional analysis.
- Supervisor: Juan Pedro Ronconi (PhD, University of Warwick, UK).

Research Assistant

2023 — Present

Pontificia Universidad Católica

- Analysis of factors associated with informal settlements and organized crime through the management and analysis of national and international datasets.
- Use of statistical software (Stata) for data cleaning, processing, and econometric modeling.
- Supervisor: Prof. Patricio Domínguez (PhD in Public Policy, UC Berkeley, USA).

Research Assistant

2023 — Present

Pontificia Universidad Católica

- Conducting literature review and performing statistical and econometric analysis on topics related to innovation and telecommunications for academic articles.
- Co-authoring a paper with Prof. Tatiana Rosá (PhD, CEMFI, Spain - PUC), currently under development.
- Supervisor: Prof. Tatiana Rosá (PhD, CEMFI, Spain - PUC).

Economics and Public Policy Intern

August 2022 — February 2023

Centro de Estudios Públicos

- Provided research assistance, including drafting, literature review, database management, and econometric estimations. Co-authored an article on the relationship between Chilean citizens' perceptions and government approval.
- Software used: R and Stata.
- Researchers in charge: Rodrigo Vergara (PhD, Harvard, USA) and Roberto Cases (Magister, PUC, Chile).

Economics and Public Policy Intern

August 2021 — March 2022

Centro de Estudios Públicos

- Developed a panel dataset for the Social Protection Survey results for the years 2002, 2004, 2006, 2009, 2012, 2015, and 2020 using Stata.
- Researchers in charge: Rafael Sánchez F (PhD, University of Warwick, UK) and Daniela Leitch B (MgS, NYU, USA).

ACADEMIC PUBLICATIONS

Abrigo, V., Vergara, R., & Cases, R. (2024). Economic perceptions and government approval in Chile: An analysis of the democratic transition (1990–2022). *Acta Política*.

- Analyzes the relationship between economic perceptions and government approval in Chile, highlighting how national economic conditions weigh more than personal ones and how a constitutional reform reduced this impact during democratic consolidation.

Baron, J., Rosá, T., & Abrigo, V. (Under review). The role of geography in participation in the development of telecommunications standards. *Journal of Economic Geography (JoEG)* (shortlisted for a special issue).

- Examines how geographical distance and borders influence attendance at 3GPP telecommunications standardization meetings, highlighting barriers for women and participants from developing countries.

PROFESSIONAL SKILLS

Programming Languages	LaTeX, Stata, RStudio, Matlab
Software	Advanced proficiency in Microsoft Office programs (Excel, PPT, and Word)
Languages	English (Advanced), Spanish (Native)
